James Grabusky
Waste Management Program
One Ararat Blvd.
Harrisburg, PA 17110

Dear Mr. Grabusky:

Enclosed is a copy of DEP's notification letter and of our hazardous waste transporter's license as you requested. As I mentioned, we have notified EPA for small quantity generator status for our Willow Street bunker. A copy of that ID number is also attached. Please feel free to contact me if you have any questions.

Sincerely,

Robin E. Thomas

Robin E. Thomas, Manager
Bulova Technologies L.L.C.
101 N. Queen Street
P.O. Box 4787
Lancaster, PA 17604

Dear Mr. Thomas:

I am pleased to enclose five copies of your License No. PA-AH0493 for the transportation of hazardous waste in Pennsylvania, issued to your company pursuant to Section 503 of Act 97, the Pennsylvania Solid Waste Management Act (1980), 35 P.S. §§6018.101 et seq.

Section 263.13(g) of the Department's regulations states that a license is nontransferable and nonassignable and shall only be used by the licensee and its employees. It is the Department's position that an employee is any person who performs services, including the transportation of hazardous waste, for the licensee for salary or wages. An employee is subject to the control and direction of the licensee in the performance of his duties both as to the result to be obtained and the means, methods, and details used to gain the result. A licensee generally will withhold applicable payroll taxes and provide workmen's compensation for an employee. If your hazardous waste transportation business involves the use of leased or subcontracted drivers or equipment with drivers, it is necessary to have on file with the Department a current Affidavit naming those lessees or subcontractors before you allow them to use your license. The Department's subsequent written acceptance of lessees or subcontractors named in an Affidavit will authorize them to operate under your license.

Compliance with the conditions set forth in your license is mandatory. You are authorized to transport the types and forms of hazardous waste identified in the conditions on your license. You are also required to comply with all applicable provisions of Act 97, The Solid Waste Management Act (1980), and PA Code, Title 25 "Hazardous Waste Management" Rules and Regulations of the Pennsylvania Department of Environmental Protection.

As a transporter of hazardous waste in Pennsylvania, you are required by Act 1988-108, The Hazardous Sites Cleanup Act, to pay hazardous waste transportation fees and submit quarterly fee reports on forms provided by this Department. Enclosed are blank copies of the required Forms 55G and 55H with instructions; reproduce additional blank copies of these forms

as needed. It is a condition of your license that you submit timely quarterly fee reports according to instructions and that you pay the required fees as applicable. You must submit quarterly fee reports whether or not you transported hazardous waste to or from Pennsylvania locations in the previous quarter. If you have any questions on the fees or use of Forms 55G or 55H, please call 717-783-9258.

Any person aggrieved by this action may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. Section 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, 800-654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Questions concerning this license, the requirements of Act 97, PA Code, Title 25, or the Affidavit may be directed to 717-787-6239.

Sincerely,

Leon L. Kuchinski
Chief
Division of Hazardous Waste Management

ACKNOWLEDGEMENT OF NOTIFICATION
OF REGULATED WASTE ACTIVITY
(VERIFICATION)

This is to acknowledge that you have filed a Notification of Regulated Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

☐ Borough
☐ Township
(Check one)

Lancaster County

VII. Contact Person Robin E. Thomas

Phone No. 717 - 299 - 2581
(Area Code)

VIII. CERTIFICATION

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.
